Government in their Order No.725-825/Edn.305-10-22 dated 20th July 1914, sanctioning the opening of two Public Libraries, one at Bangalore and one at Mysore said that a part of the initial and recurring expenditure should be borne by the Municipalities concerned, and expressed the hope that they would provide at least one-fourth of the cost at the beginning. In October 1914, the Bangalore City Municipal Council passed a resolution regretting their inability to make a contribution owing to other demands on their funds. On receipt, however, of a further communication from the Education Commiteee of the Economic Conference, the Council reconsidered the subject in September 1915 and have resolved that a monthly grant of Rs.100 may be made from Municipal funds towards the recurring expenses of the Bangalore Public Library and they request that the Library may be removed to a more central locality.

2. The First Councillor and myself think that the Municipality may be requested to utilize their contribution of Rs.1,200 a year in starting suitable branch libraries in the City, as, owing to the large area covered by the City, a Central Library wherever located cannot be made convenient for all persons who require such facilities. Perhaps the local residents might be induced to subscribe a part of the total expenditure. If the Council are prepared to provide for the maintenance of the branch libraries, they may be exempted from contributing to the expenses of the main Central Library as laid down in Government Order of July 1914 and allowed to utilize the contribution now offered in starting branch libraries.
